Dear Kevin J. Martin:

It is with great pleasure that I am writing this letter to bring to your attention the wonderful job WRCH 100.5 FM has done for AIDS Project Hartford over the past six years. Every October AIDS Project Hartford does an AIDS Walk as a fundraising vehicle. WRCH assists our agency by donating air time for event announcements, psa's, and public affair show recordings, particularly on their Spot Light program to help promote our agency's annual event.

Not only has WRCH helped support our AIDS Walk, but the station staff has also empowered our agency to continually get the word out about AIDS education and prevention. I personally have been invited by Alison Demers on five separate occasions over the past five years to be interviewed and have the opportunity to talk about the pandemic and how it affects all communities.

As a person living with HIV, my passion for getting the right information to a great number of people in a short amount of time is always on my priority list. WRCH has allowed our agency to do just that!

If you have any questions or need additional information from my office, feel free to contact me at (860) 951-4833, ext. 302 or wvap@aidspjrojecthartford.org and I will be more than happy to discuss your inquiries at that time.

Yours truly,
